ESSAY

In an essay of 500 words, please answer the following question:

The International Programming Committee will be looking for four things: 1. Explain why it is important for you to study abroad in France and how this experience will fit into your Maryville College education, as well as your life as a whole. Be sure to address the impact that your study abroad program and the French language will have on your vocational goals. 2. Explain your background with French language and culture (eg. have you taken French classes, how have you learned about French language and culture in your life?). 3. What are your expectations for what life will be like for you in France? 4. What is your financial situation and how will you use this scholarship?
