****Payment Options are available to help cover the student's balance. (11)**

KEY DEFINITIONS:

- (1) Maryville College 2019-2020 Cost of Attendance includes tuition, fees, room and board, books, travel and miscellaneous expenses for the academic year.** Students who live at home with parents will have lower costs and, therefore, will have a lower financial aid offer.
- (2) Maryville College 2019-2020 Direct Costs are tuition, fees, room and board.** Direct Costs are charges that are paid directly to Maryville College. Indirect costs are books, travel and miscellaneous expenses that are included in the total Cost of Attendance.
- (3) Expected Family Contribution (EFC)** is the number generated by the **Free Application for Federal Student Aid (FAFSA)**. This number determines student need-based eligibility at the federal, state, and institutional levels. The EFC calculated above for all scenarios is based on four family members with one in college, both parents employed, parental assets of \$40,000, and student income of \$2,500.
- (4) Federal Pell Grant** is awarded by the Department of Education to students who have high financial need. The Federal Pell Grant is subject to federal funding.
- (5) Tennessee Student Assistance Award (TSAA)** is awarded to Tennessee residents who have high financial need. Students who believe they may be eligible must submit the FAFSA as soon as possible after October 1, 2019 as funds are very limited and do run out. **Priority is given to students that file FAFSA before February 1, 2020.**

- (6) **Maryville College Need-Based Grant** varies according to need and academic ability.
- (7) **Maryville College Scholarship** varies according to Merit, Fellowship, or Fine Arts.
- (8) **Federal Direct Loans** are guaranteed by the Department of Education and are automatically offered to every student that completes the FAFSA. Eligibility for subsidized loans is dependent on a student's financial need. Subsidized loans do not accrue interest while the student is in school, and for six months after ceasing to attend at least half time. Unsubsidized loans accrue interest from the time they are disbursed. Both loan types do not require payments while the student is in school and for six months after ceasing to attend at least half time.
- (9) **Federal Work Study** eligibility is determined by need. Students eligible for Federal Work Study receive priority for on-campus jobs, but employment is not guaranteed. Students are paid directly via a paycheck each month, so Federal Work Study does not directly reduce Maryville College Direct Costs.
- (10) **TN HOPE Lottery Scholarship** requires that eligible students have an unweighted GPA of 3.0, a 21+ ACT composite score, or 1060 SAT total score. Eligibility for the TELS program in most instances does not impact a student's eligibility for financial assistance from Maryville. Families must file the FAFSA in order to receive the TN HOPE Lottery Scholarship.
- (10a) Students whose families have an adjusted gross income (AGI) of \$36,000 or less may be eligible for an additional \$1,500 through the **TN Aspire Award**.
- (11) **Payment Options:**
- **Maryville College offers two monthly payment plans administered through TMS.** A payment plan is convenient and makes covering your balance manageable. Payment plans are available for 10 installments.
 - **Parent PLUS Loan for Undergraduate Students** allows a parent to borrow up to the cost of attendance minus all other financial aid. The PLUS loan is a credit-based loan and is not guaranteed. If a parent is denied the PLUS loan, the student may be eligible for an additional \$4,000 in Unsubsidized Stafford Loans.
 - **Private Educational Loans** are available for students who have exhausted all other avenues of financial aid. Private Educational loans are also credit based and the interest rates and origination fees can be based on the credit application. A co-signer is often needed for a Private Education Loan.

Please note: Every family's financial aid award is unique and specific to each family's circumstances. These examples are offered to give prospective students and their families an idea of the affordability of a Maryville College Education. Having additional family members or more than one student in college may affect the amount of financial aid the student is eligible to receive. Maryville College strongly encourages students to seek outside scholarships. Additional outside scholarships will rarely affect any Maryville College Scholarship or need-based aid. In most cases an outside scholarship will reduce the need for loans.

Important Information: File your **FAFSA** early to ensure that you get all the financial aid that is available. The 2020-2021 FAFSA will be available as early as October 1, 2019 and will use 2018 tax information. The priority deadline to be eligible for need based state aid is **February 1, 2020**. We encourage using the IRS Data Retrieval Tool on the **FAFSA** to eliminate costly errors. Please log on to <https://fafsa.ed.gov> using your FSA ID to complete the **FAFSA**.
