## RESEARCH POSTITIONS

---

|           |                                                                                                                                                                                                                                                                                                                                                                                                     |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2013-2017 | External Researcher for the Scots Science Scholars at Maryville College<br><u>Goals of Research:</u> To determine effectiveness of the NSF grant funded, STEM summer bridge program and suggest changes to improve or streamline the processes associated with the mission of the program.                                                                                                          |
| 2010-2014 | Admissions and Retention Consultant for Maryville College<br><u>Goals of Research:</u> (1) Investigate the demographic and activity information for prospective students to determine who is likely to apply. (2) Through the analysis of past students, determine what factors are useful in current students to determine retention.                                                              |
| 2005-2006 | Research Assistant, Adult Development Lab, North Carolina State University<br><u>Goals of Research:</u> Investigate how affective priming differentially affects adults' decision-making in everyday situations.<br><u>Mentor:</u> Tom Hess, Ph.D.                                                                                                                                                  |
| 2002-2004 | Lab Manager, Social Development Lab, North Carolina State University<br><u>Goals of Research:</u> Emotion in the family: (1) Experience and expression of anger varies within families (2) Developing a questionnaire to measure parental beliefs about children's emotions, (3) Investigating ethnic, gender, and age differences in emotional awareness.<br><u>Mentor:</u> Amy Halberstadt, Ph.D. |
| 1999-2002 | Research Assistant, General Psychology, East Tennessee State University<br><u>Goals of Research:</u> Attitudes about aggression including: (1) Capturing the views of workplace violence from the perspective of full-time employees versus those not employed, and (2) various factors affecting road rage.<br><u>Mentor:</u> David Marx, Ph.D.                                                    |
| 2000-2001 | Lab Assistant, Experimental Psychology, East Tennessee State University<br><u>Goal of Research:</u> Investigation of the effects of post-trial nicotine injections on reference memory and working memory in rats tested on the radial arm maze.<br><u>Mentor:</u> Russ Brown, Ph.D.                                                                                                                |

1999-2000                      Research Assistant, Student Affairs, East Tennessee State University  
                                         Goal of Research: Investigation of the climate of the University, including:  
                                         student attitudes toward alcohol and other drugs, general student satisfaction,  
                                         and senior exit comments.  
                                         Mentor: Sally Lee, Ed.D.

## **TEACHING EXPERIENCE**

---

### **Courses taught at Maryville College:**

Adolescent Psychology  
Applied Statistics using SPSS  
Contemporary Issues in Psychology  
Emotion  
First Year Orientation  
First Year Seminar, Perspectives on the Individual  
First Year Seminar, Perspectives on the Environment (Solid Waste)  
First Year Seminar, Sex and Modern Society  
First Year Seminar, Women's Sexual Health  
Holistic Sexuality  
Human Sexuality  
Human Sexuality: Contemporary Topics  
Human Sexuality: Sex Education  
Human Thought and Learning with Lab  
Intimate Relationships  
Introduction to Psychology  
Perspectives on the Social Order: Intimate Relationships  
Portfolio: Designing Your Life  
Senior Seminar, The Art and Science of Sex  
Senior Study/Thesis (3-6 students each semester)  
Sexual Health Promotion

#### **Travel Courses:**

The Road to Social Justice – Alabama & Georgia (January 2011)  
Diversity in America: San Francisco, A Case Study (January 2013 & March 2017)  
Puerto Rico: The Search for Identity through the History of the People, the Food  
Traditions, and the Land (May 2014)  
Peru: Service Learning (May 2019)  
Sex and Society in the Netherlands (May 2022)

### **Online, Hybrid, and HyFlex Courses**

Holistic Sexuality (Summer 2021)  
Human Thought and Learning with Lab (Fall 2020)  
Human Sexuality (Spring 2020, Fall 2020)  
Intimate Relationships (Spring 2020)  
First Year Seminar – Women's Sexual Health (Fall 2020)

**Courses taught at North Carolina State University:**

Abnormal Psychology  
Adolescent Psychology  
Behavioral Statistics Lab  
Introduction to Psychology  
Life-Span Developmental Psychology  
Social Psychology

**Courses taught at East Tennessee State University:**

Advanced General Psychology and Lab  
Applied Psychology  
Computer Methods in Psychology  
Elementary Statistics  
Experimental Psychology Lab  
Introduction to Psychology
